INTRO_GÉNÉRALE

Hello,

Here is a new survey about your views on politics and the elections as well as your personal situation in general.

The questions come from two research teams: one based at Toulouse Capitole University and the other at the University of Grenoble.

The researchers want to find out how personal situations or opinions change over time. Re-asking the same questions is one of the best ways to do this, so you will come across questions that you have already been asked in previous surveys.

Thank you for taking the time to complete the survey.
